

## **Social Impact Club**

The Social Impact Club (SIC) strives to equip students with the tools necessary to pioneer change in the public, private, and social sectors. We are a community of 250-plus thoughtful leaders with expertise in the finance, consulting, marketing, high-tech, and social sectors. Our members employ business skills to benefit society through entrepreneurship, advocacy, and community engagement. SIC has led all student organizations at Fuqua in building relationships with students, faculty, alumni, and corporate recruiters. We were named LDI's "Club of the Year" for the last two years in a row! We're looking to the Class of 2009 to help us carry on this proud tradition and build Duke's legacy in social innovation, sustainability, and thoughtful leadership. Whether this is through collaborative events like the Footprints Conference, participation in Fuqua on Board, or an event of your design, we welcome your involvement!

As a growing number of students seek careers in which they can use their business skills to achieve social impact and sustainability, Duke is committed to providing access to a broad range of employment opportunities in the social sector and with socially responsible for-profit companies. To learn more about opportunities in the social sector, see:

CASE website: "A Brief Guide to Understanding the Social Sector," "The Pursuit of Social Sector Employment"- <http://www.caseatduke.org/mba/careers/index.html>

### **SIC and CASE Career Resources**

SIC works closely with the Center for the Advancement of Social Entrepreneurship (CASE) and the Career Management Center (CMC) to provide a wide range of resources to support students seeking employment in the social sector.

#### **Job Search Teams**

Facilitated weekly peer support groups for students actively seeking internships or full time jobs in the social sector, sustainability, or corporate social responsibility.

#### **Week-in-Cities**

Organized by FYs, these group trips allow students to visit recruiters in areas of geographic interest and help both organizations and students learn more about each other in advance of the interview season.

#### **Speed Networking**

A fun social event that allows FYs to discuss summer internship experiences with their SY counterparts in a speed dating format.

#### **Case Competitions**

Support of internal and external case competitions give students a forum to develop interview skills and compete against other business schools.

#### **Speaker Series**

Timely conversations with international social sector leaders, such as C.K. Prahalad (author), Bill Drayton (Ashoka), Doug Borchard (New Profit Inc), Tom Tierney (Bridgespan Group), Susan Berresford (Ford Foundation), Net Impact), Jeff Jablow (City Year), and Brian Gallagher (United Way of America).

#### **Net Impact Conference**

Mark your calendar for this year's Net Impact Conference, November 1-3, 2007, hosted by Vanderbilt University in Nashville, TN.
